

Date	19 September 2022
Team ID	PNT2022TMID39434
Project Name	Project - Signs with Smart Connectivity for Better Road Safety
Maximum Marks	2 Marks

Defining Problem statement:

I am Stefan-Manager in a company	I'm trying to reach office in time	But road blocks	Because of heavy traffic congestion in road	Which makes me feel i cant reach office and it makes me tensed and frustated
I am Jack - Student	I'm trying to cross the road	But there is vehicles in the pedestrian crossing	Because of heavy traffic due to many vehicles in the junction waiting for green signals	Which makes me feel its made me Fear, While I'm trying to cross, if the vehicle moves its Hit me.
I am Damon - Ambulance driver	I'm trying to save the person's life by picking and dropping them into hospital in time	But I get delayed	Because due to improper route maintenance for ambulance	Which makes me feel guilty
